per piece

Discounts available for returning clients.

WHAT HAPPENS NEXT?

We arrange a convenient time for you to deliver your artwork to our studio.

We photograph your piece of art so it can be reproduced at the same size without any loss of detail.

We ensure the tones and colours match your artwork and that all the fine details have been captured.

If instructed to do so, we can remove marks and small blemishes.

We will provide you with a high resolution file suitable for printing.

We will also provide you with a low-resolution image suitable for emailing and social media use.

Each image will contain the copyright information of the artist embedded in the images metadata

We store, as a backup, all high quality files so that you can take the opportunity of our Fine Art print service and offer your clients Limited Edition Fine Art giclée prints.

Print Services

Materials we use

Ink

Our wide format printer uses a 12 ink Giclée system using Premium Quality LUCIA pigment inks. This offers accurate colour reproduction and enhanced print longevity.

Papers to suit all artistic styles.

Gallery Etching

310 gsm

A beautiful matt finish paper with undulating texture that enhances image depth. Recommended for inks, pastels and watercolour prints.

Museum Heritage

310 gsm

A textured fine art paper with a lovely rough weave. Recommended for charcoal drawings, pen and inks, watercolour and acrylic prints.

Art Silk

290 gsm

A luxurious smooth silk paper, the perfect media where a shimmering effect is required. Recommended for acrylic, oil paintings or photographic prints.

Each paper has been approved by the Fine Art Trade Guild and meets print industry standards.
